

## Investment Strategy Service

PO Box 20  
North Maitland NSW 2320  
Phone: (02) 4930 2100  
Fax: (02) 4930 2199

By completing this form, you will provide all the information we need in order to *document* an investment strategy for a self managed superannuation fund. As part of our service, we:

- prepare a minute and investment strategy for signing by the relevant parties; and
- prepare a Derivatives Risk Statement for signing by the relevant parties (if applicable).

**Note that this is a documentation service only** to assist the Trustee to meet its obligations under Section 52(2)(f) of the *Superannuation Industry (Supervision) Act 1993* ("SIS Act"). This service is not designed to provide investment advice (and should not be construed to).

The cost of this service is **\$165** (including GST). Add \$110 (including GST) if a Derivatives Risk Statement is requested. Please see payment options below.

<sup>1</sup> A derivative means a financial asset or liability the value of which depends on, or is derived from, other assets, liabilities or indices. Examples include: options, futures, forwards, share ratios and warrants.

## Section D: Investment Strategy

Please complete the table below to specify investment ranges for the Fund.

Note that the ranges<sup>2</sup> can be changed by resolution at any time – they are not binding, they are merely an expression of the trustee's intention. Note also that you will need to ensure that the Trust Deed for the Fund permits the Trustee to invest in the asset classes outlined below.

Asset Class	Range %
Australian Equities	___ to ___%
International Equities	___ to ___%
Australian Property	___ to ___%
Australian Fixed Interest	___ to ___%
International Fixed Interest	___ to ___%
Cash	___ to ___%
Other, please specify	___ to ___%

---

<sup>2</sup> Note that whilst there is nothing specific in the legislation, the Regulator has indicated that they do not consider the trustee has met its obligations if the investment strategy is simply a range of 0% to 100% across every asset class.
